

COMPANY HISTORY

## THE MOLESKINE STORY

FROM LEGENDARY BEGINNINGS.

The Moleskine notebook is the heir and successor to the legendary notebooks used by artists and thinkers over the past two centuries: among them Vincent van Gogh, Pablo Picasso, Ernest Hemingway and Bruce Chatwin. A simple black rectangle that held the

sketches, notes, stories and ideas that would one day become famous paintings or the pages of beloved books. In the mid-1980s the notebook that Bruce Chatwin nicknamed 'moleskine' became increasingly scarce and then disappeared completely. In 1997, a small

Milanese publisher brought the legendary notebook back to life, choosing this literary name to revive an extraordinary tradition of creativity and self-expression for the contemporary creatives of our time.

CUSTOM EDITIONS

THE BRAND

## A CULTURAL ICON

Moleskine is a brand admired for its aspirational qualities, which are grounded in inclusivity. It was ranked #6 in *The Top 200 Lovemarks* by Saatchi & Saatchi, holding this prestigious position along with Apple, Google and Coca-Cola. Its strong connections to art, culture and the global creative community are transmitted through PR campaigns, high-profile cultural partnerships, Limited Edition projects, social media and digital marketing. The brand values are founded on five pillars:

### CULTURE

Moleskine is a cultural icon, a brand that tells a story. A Moleskine object connects the owner to a heritage in art, literature, culture and geographical exploration.

### IMAGINATION

Moleskine collections are open platforms for creativity, trusty companions for meaningful existential experiences.

### MEMORY

Moleskine is a brand connected to the collection of memories, the organization of time and priorities in our working life and in leisure time.

### TRAVEL

Celebrating contemporary nomadism, Moleskine offers a collection of tools to accompany everyday and extraordinary journeys.

### PERSONAL IDENTITY

A Moleskine object becomes an integral part of one's personality. It's a basic, compact and intelligent tool. The things we carry around with us, brought together, help to convey our personalities, expressing our interests and tastes.

## FEATURES

Large Notebook 13 x 21 cm  
100 g/m<sup>2</sup> - 68lb acid-free paper,  
Includes instructions folder

### COLOUR

BLACK

### LAYOUT

DOTTED

Watch your ideas travel off the page and evolve on screen with the new generation MoleskinePaper Tablet, Pen+ and companion app. Enjoy the hands-on immediacy of putting pen to paper, teamed with all the advantages of digital creativity.

### What comes in the box:

- Paper Tablet with special paper designed to work with Pen+ in dotted layout
- Pen+ smartpen
- USB cable for smartpen recharging
- 1 pen tip ink refill
- User manual
- The history of Moleskine inside

Distinctively rounded pages project beyond the cover to reflect the shape and look of a digital tablet, while thicker and more resistant 100 g/m<sup>2</sup> paper provides the perfect surface for writing and sketching.

The Paper Tablet uses invisible **Ncoded technology** embedded within each page, which enables the Smart Writing Set Pen+ to recognize where it is within the notebook and to transfer all your freehand notes from page to screen in real time. It allows you to smoothly digitize, edit, organize and share handwritten notes and sketches made on the move, for seamless integration between paper and cloud.

The Moleskine Notes App is part of the Moleskine Smart Writing Set. The set has the following capabilities:

- **Digital Storage:** Moleskine Pen+ is a smartpen that writes on paper but also mirrors into smart devices. The pressure recognition of pen tip is very sensitive. So your handwritten notes and sketches have just as much detail as your physical ones!
- **Transcribe & Search handwritten notes:** Your handwritten notes can transcribe into digital text through MyScript's engine. Once handwritten text is transcribed into digital text, you can export the data, tag content, or search by note pages. Your search results will display notes on the screen.
- **Easy Share:** Your handwritten contents can be shared via the app and SNS, and can be sent email by a single pen-action.
- **Record & Playback:** Playback the pen stroke data or the audio file that is synced with the strokes. A digital version of your stroke data and audio will be stored in the App and will be accessible anywhere you go. While you record your voice during writing, you can replay your written notes and recorded voice simultaneously according to the timeline.
- **Data reproduction:** Your drawing can be exported in a scale-able image format, namely SVG or PNG or JPG, which allows you to reproduce them.
- **Internal Memory:** Moleskine Pen+ can store up to 1,000 pages (5 Notebooks) by itself without being connected to smart devices. Once you connect Moleskine Pen+ to smart device, the app will automatically archive the notes by date, location and page.
